

# NIHS ePortfolio Mobile APP

Introducing NIHS ePortfolio, a cutting-edge application designed to revolutionize the way trainees manage their educational and clinical experiences.

Our platform is dedicated to streamlining the process of workplace-based assessments, making it easier than ever for trainees to track their progress, showcase their competencies, and prepare for their future careers in healthcare.

As a Trainee, You Are Expected to:

- ✓ Login to [NIHS ePortfolio](#)
- ✓ Watch the [Trainee Instructional Video](#)
- ✓ Request observations from your supervisors during actual clinical tasks
- ✓ Reflect on feedback and track your growth over time

## Why It Matters :

- Enables structured workplace-based assessment (WBA)
- Contributes to CCC decisions and certification eligibility
- Helps you track your readiness for independent practice
- Aligned with international best practices in postgraduate education
